Connect With the Carl and Mary Welhausen Library Today

**Download from the app store, choose your library,
and enjoy easy access to everything offered at your
library.**

Librista offers a rich blend of searching power and personal account management. Allowing access to your location can instantly connect you to your library. The app may not be compatible on some devices.

Logon to your account to see items you have out and on reserve, view outstanding fines, renew items, and edit book bags. Items cannot be renewed if there are outstanding fines.

View cards on the home screen displaying a map to the library, news, trending items, and more. Swipe cards away when you are done, keeping only what you need most.

View popular, new, and featured items to see what other people are into at your library.

Search for books, DVDS, and other items.

Narrow down search results by title, author, subject, ISBN, material type, and age group.

Open detailed item cards from results to see available copies, a summary, review, and more. Reserve the item or add it to a book bag for later, swipe the card away to see the next item.

Find out if your library has a new release by scanning the ISBN on a bookstore item to search the catalog.
