

ConocoPhillips Grants \$1,000 for Library Summer Program 2021

Plans for the Carl and Mary Welhausen Library's 2021 Summer Reading and Entertainment Program is well underway and ConocoPhillips has been gracious in granting the Friends of the Library \$1,000 to assist in the funding of this fantastic educational experience for those of all ages to enjoy this year. COVID prevented last year's programs from happening, but the Library is coming back with a vengeance to make up for lost time. ConocoPhillips wanted to become a part of this project and show Yoakum how much they truly care about the communities they serve.

ConocoPhillips prides itself on being a great neighbor and a responsible citizen in the communities where they live and work. They recognize that the most effective charitable investments are achieved by entering into strategic relationships with organizations that serve the needs of the community. This generous company recognizes that each community has unique needs and strives to ensure those needs are being met. One of the methods that helps them do this is their charitable grant program.

For more information about ConocoPhillips, please visit their website at www.conocophillips.com. Information about the Carl and Mary Welhausen Library and all services offered, can be found on their webpages at www.cityofyoakum.org/library, by following the Friends of the Carl and Mary Welhausen Library on Facebook and Instagram, coming by for a visit at 810 Front St., in Yoakum, or giving the staff a call at (361) 293-5001.
